

Summer Camp 2026

The Egyptian Schools' SUMMER CAMP 2026 "Let Creativity Shine"

Dear Parents,

We are excited to invite your child to join our unique Summer Camp this year. With each new season, our camp becomes even more engaging, dynamic, and full of enriching experiences. Campers enjoy exploring new places, making new friends, and trying exciting new activities.

Our camp team is enthusiastically preparing for fresh challenges and greater achievements. We are proud and energized to introduce our new 2026 theme, "**Let Creativity Shine**" promising another unforgettable summer filled with learning, creativity, and fun.

Summer Camp 2026 will take place in New Cairo Campus at EBIS Building.

This year our camp program incorporates various workshops

- 1- **Presentation Workshop: From Reading to speaking with confidence**
campers will practice essential public speaking skills through fun activities and peer feedback. They will express their opinions and presenting insights from their readings of selected stories or articles
- 2- **Acrylic Painting on Canvas Workshop:** this hands-on workshop is designed to spark imagination and self-expression while exploring textures, patterns and colors. Using sand and rocks campers transform natural materials into creative artworks.
- 3- **Leather Craft Workshop:** Campers will design and create their very own leather cell phone bag. Guided step by step, Campers will learn basic leather working skills including measuring, punching holes and stitching.
- 4- **Piano Playing Workshop:** this beginner-friendly workshop will introduce campers to the joyful world of piano playing. They will explore the layout of the keyboard, basic finger positioning and hand coordination to play easy melodies. This work shop will encourage emotional awareness and self-confidence.
- 5- **Football Training:** Campers will learn ball control and dribbling, passing and receiving techniques, basic shooting skills and understanding simple game rules and teamwork.

Summer Camp 2026

- 6- **Tennis Training:** Campers will learn proper grip and basic racket handling as well as the forehand and backhand techniques.
- 7- **Healthy Cooking Workshop:** Campers will take part in cooking sessions where they work together to prepare healthy, simple recipes and learn about different ingredients, basic nutrition and kitchen safety.

8- For the first time Summer Camp 2026 presents “Tomorrow’s Tech Leaders” Course

We are proud to introduce an exciting new program designed to open the doors of technology and innovation for our campers.

Through 6- 8 engaging sessions, this course introduces campers to the world of programming, empowering them to become creators, not just consumers of technology.

Campers can choose between the following two options:

Course 1: Introduction to the world of coding within the camp program.
(Included in the camp fees)

Our school teachers will introduce campers to:

- Coding fundamentals
- Basic programming concepts
- Mini game design projects

Course 2: I-School Company Program
(Additional 2500 EGP fees)

Delivered during camp hours by the I-School Team, this certified program includes:

- Programming fundamentals
- Structured hands-on coding sessions
- Mini 2D game design projects
- Certificate upon completion

N.B. Please note that the I-School program will be offered only if the minimum required number of participants is reached

To All Camp Applicants!

We are delighted to offer our campers the option to invite relatives and friends to join us!

Summer Camp 2026

Please take a moment to complete the form below, and kindly encourage your relatives and friends to complete it as well. This will help us facilitate smooth and effective communication.
